AutoCAD Crack +

Construction

What's New in the AutoCAD?

View your drawings in your browser, on any device, and save them locally as you go. Versioning: Make it easier to revert changes. AutoCAD 2023's new built-in version control system provides a single interface for incorporating and reverting changes into your drawings. It lets you keep track of a single version of your drawing, each with its own unique set of changes. (video: 1:34 min.) Navier-Stokes Solver: Speed up large-scale analyses by up to 300%. Autodesk Navier-Stokes Solver is a tool for automating time-intensive fluid mechanics analyses. With Navier-Stokes Solver, you don't need to invest time into manual calculations. Save hours of your time by automating the calculations yourself. (video: 1:54 min.) Live 2D annotation: Attach comment boxes, overlays, text, and even show/hide the 2D element on the drawing canvas directly. This tool lets you annotate 2D drawings directly from the canvas, without opening another separate drawing. Terrains: Resize and annotate drawing areas. Create custom shapes or enclosures, and apply transformations to any 2D area in your drawing, including water and sewer networks and details. (video: 1:50 min.) Drawing & User Dashboards: Get a visual overview of all your work. See your plan, section, elevation, or other drawing as it evolves in real-time, without needing to return to the drawing. Save Changes: Saving changes to your drawing has never been easier. Add a new view, and save it. When the new view is complete, it can be easily linked back to the original drawing. (video: 1:50 min.) Share Directly: Sharing is as easy as making changes to a drawing. AutoCAD makes it easier to share your projects with colleagues and clients, while you're still working on it. Made for both 2D and 3D: AutoCAD is made for 2D and 3D workflows. Whether you're working in 2D, 3D, or both, you'll find AutoCAD ready to get you started. The Autodesk 2020 Impact event on Oct. 21, 2019, is your chance to see

System Requirements:

Mac OS 10.5+ Intel Mac, Power PC, and Apple G5. Windows OS: Vista/Windows 7/Windows 8 Microsoft.NET Framework 4.0 Windows XP (SP3 or SP2) DirectX (if using Windows Vista,.NET Framework 2.0 or higher) System requirements: Vista/Windows 7/
